

Health and Safety Policy Statement

This is the Health and Safety Policy Statement of

KLLOYDS ENGINEERING SERVICES

Our statement of general policy is:

1. KLLOYDS ENGINEERING SERVICES will comply with all applicable Laws and relevant industry standards of practice on protection of health and safety of Employees in the work place and other persons affected by our activities and the prevention of environmental pollution. Protection of health, safety, and the prevention of pollution to the environment is a primary goal of KLLOYDS ENGINEERING SERVICES and management shall take such actions as are reasonable and necessary to achieve such goal and carry out this Policy.

2. We will continuously evaluate the health, safety and environmental ("HSE") aspects of our products and services. The goal will be to develop and provide products and services that have avoidable environmental impact and are safe in their intended use, efficient in their consumption of energy and natural resources and can be recycled, reused or disposed of safely.

3. All Directors and Employees of the KLLOYDS ENGINEERING SERVICES will conduct their duties and responsibilities in a manner which is compatible with achieving these goals and carrying out this Policy.

4. KLLOYDS ENGINEERING SERVICES believes that effective HSE management is good business. KLLOYDS ENGINEERING SERVICES is committed to continual improvement of HSE management practices.

5. KLLOYDS ENGINEERING SERVICE will communicate and make available this Policy to Employees, clients, contractors, suppliers, partners and customers and with the communities in which it will operate in order to achieve these goals and carry out these Policies.

6. This policy shall be reviewed regularly to meet changes in our company in order to ensure ongoing suitability.
