

## **PROVISION OF SERVICES TO CONDUCT FATIGUE WELD TREATMENT ON FPSO KWAME NKRUMAH**

### **PREQUALIFICATION OF VENDORS**

**MODEC Production Services Ghana JV Limited (MPSG)** provides operations and maintenance services to Tullow Ghana Limited and its Partners on, FPSO Kwame Nkrumah (KNK) in the Jubilee Field, located off the Western coast of Ghana.

MPSG is by this publication, inviting suitably qualified, validly certified and experienced Ghanaian registered companies for prequalification, for the provision of services to conduct fatigue weld treatment on KNK.

The work scope shall comprise the following:

- Provision of weld treatment team with IRATA rope access qualification
- Provision of equipment including Ultrasonic Impact Treatment (UIT) sets, rope access equipment and rescue equipment.
- Reporting in accordance with ABS guidelines and MODEC COABIS reporting procedures

To qualify to be invited to tender, evidences of the following are mandatory:

- Contractor shall be a Ghanaian registered indigenous company as per Petroleum Regulations 2013 (Local Content and Local Participation)
- Contractor shall have valid Ghana Petroleum Commission Certificate for operation in upstream oil and gas sector to undertake the scope of services.
- Contractor shall have an operational office in Ghana (provide drawings, pictures, etc.).
- Contractor shall demonstrate financial capability to execute the scope of work (provide financial reports for last three years)
- Contractor shall demonstrate HSE Management system
- Contractor shall demonstrate ABS approval of procedures for conducting UIT.
- Contractor (or parent/partner) shall have more than three (3) years' experience of conducting Fatigue Weld Treatment activities on offshore installations. Provide experience list for this scope.
- Contractor shall have experience in least one other class approved case study for review
- Contractor shall have IRATA membership and all team members must be IRATA qualified

Contractor will not be invited to tender if:

- evidence of any of the above is not presented
- evidence provided does not meet the requirement

Interested Companies should send their duly completed submissions via email on or before the close of day, **10<sup>th</sup> June, 2019**. **Late submissions will not be accepted.**
