

# BLUEZONE POLICY STATEMENT ON LOCAL CONTENT

Bluezone Global Limited is fully committed to the development and employment of the Ghanaian labour sector for executing its project in line with the local content and Participation Law. Our chosen strategy for achieving the Ghanaian local content policy objective is based on a deliberate policy which aims at adequate staff training, providing full, fair and career-rewarding employment opportunities to Ghanaians especially individuals from our place of immediate operations (host communities, i.e Takoradi and its environs) and the use of made-in Ghanaian products for all our projects where possible”.

Signed

George Ochemeng Danso

Managing Director
