

Tullow Ghana Limited

SCOPE OF WORK

(Provision of Cranes & Forklift Equipment and Operators)

1. Background

Tullow Ghana Limited (TGL) is preparing to commence a competitive tender process leading to the award of the Provision of Cranes and Forklift Equipment and Operators.

2. Summary of Scope of Work

Scope of Work includes the Provision of Cranes and Forklift equipment and Operators on dedicated and adhoc basis. Successful supplier would provide Certificate of Conformity for both services requirements and be responsible for provision, mobilisation, operation, demobilisation, maintenance, inspection, certification, calibration and repair of equipment according to TGL required standards and specification.

There isn't an established demand for other mobile plant and equipment such as generators, lighting towers and the like. As part of the tender exercise, bidders may be requested to provide a price list for available mobile equipment to give TGL the opportunity to access them on adhoc basis as needed.

3. Contract Duration; 5 years firm
