

About Us

Bocadillos Ghana Ltd began in 2005 with the formation of Bocadillos Ventures. It is a wholly Ghanaian company incorporated as a one stop general contractor providing support services to the oil and gas, mining and other industrial sectors in the Ghana and other African Countries. We are also incorporated in the UK to provide support services for the corporate sector in the UK and France.

Our Vision

To be the leading company in the provision of excellent one stop support services to the oil and gas, mining and other industrial sectors in the West African sub region, UK and France

Our Mission

To deliver value to our customers through quality service delivery, excellent customer relationship and efficient supply chain management.

Our Strategy

Our strategy is one of organic growth, being long term investment in diversification, guaranteeing our resilience to the economic cycle. All our business divisions are critical to our business growth and development, with our staff being the most important asset of the company. We do all the hassle by minimizing risk for our customers and helping them reduce cost, increase flexibility and improve time-to-market. Our employees are committed to continuous improvement by sharing knowledge across different sectors.

Our Core Values

Integrity, professionalism, excellence, commitment, transparency and Quality service.

Our Services

Hospitality and Logistic Management

Our experience and safety record ranks among the best in the offshore and onshore catering industry. This is due to our commitment to safety that is reflected in everything that we do. We have achieved this exciting growth and retention of our customer base by virtue of our unwavering commitment to our clients' needs. The company is skilled in its field, providing catering and onboard a wide range of installations including platforms, drilling rigs and supply vessels, predominantly in the Ivory Coast and Takoradi.
