- Shipping and Logistics
- Construction/Real estate development
- Printing
- Trading

A. CONSTRUCTION

Our team of professionals is dedicated and provides unrivaled service to individuals, institutions and governmental bodies.

Building

Construction

Tools

Civil works

B. REAL ESTATE DEVELOPMENT

Ghana is facing a housing deficit of about 1.7m units and expected to sour to 2.0 million units by 2018.

This means that, there is an urgent need for the government to build 190,000 to 200,000 units new houses every year for the next 10years to bridge the gap.

Hence our company have taken up a position to support the government to achieve this initiative.

In view of this, our doors are widely open to seek partners or investor relations to enable us build more new housing units to complement the government's programme.

C. TRADING/COMMODITIES

We trade in metals, non-metals & consumable goods

Ghana is the largest gold producing country in West Africa and ranked second in Africa with over 120.6 mts of Gold produced annually. But still the volume keeps increasing subsequently every year.

However, despite the amount of past exploration, Ghana is still under explored for gold. The full volume of various total mineral resources deposit in Ghana is over \$4.1 trillion and Gold alone amount about \$800 billion. We offer sales of raw alluvia gold for prospective buyers.

Our team of highly experienced will provide support and in partnership with an investor in maximizing potential, technical and equipment support in relation to large scale production.

D. PRINTING

Ropex renders high quality service in the printing of brochures, books, Annual reports, ad materials, leaflets, body media such as T-shirts, scarves etc and any other materials that need to be printed.

Our clients security is assured and believe in meeting deadlines.
